

fedi afli

IT Systems Engineer at SocialSphere | Infrastructure & Network Security

Email: f3diafli@gmail.com

About

Dedicated IT professional with a passion for building robust, scalable digital environments. At SocialSphere, I focus on ensuring 99.9% uptime and seamless connectivity for our global team. I specialize in cloud infrastructure management, network security, and streamlining internal workflows to help our creators and users stay connected. Always looking for innovative ways to bridge the gap between complex technology and user-friendly solutions
